

Right to Information Application (RTI 5967/24)

Scope of application

Provide information from a non-mandatory survey that captures where employees employed as Medical Laboratory Scientists at the Sunshine Coast University Hospital have answered two questions:

- Do you come from a non-English speaking background and
- Do you speak a language other than English at home

Date range

Requested: 1 July 2022 to 30 June 2023

Provided: Employees Hired from the 01 July 2022 to 30 June 2023 (Based on Contract Start Dates)

Source

Data source: Decision Support System (DSS). Data was extracted on 18 April 2024

Response

The data identified has been collected from a non-mandatory employee survey. The data identified may not be a true reflection of the diversity of employees working as Health Practitioners/medical laboratory Scientists (HP3) within the Sunshine Coast University Hospital pathology department. The employees who completed the survey are inclusive of new hires and rehires.

Comments and Caveats

- Data extracted from DSS on 18/04/2023
- Division filtered for "Pathology Queensland"
- Facility Filtered for "Sunshine Coast University Hospital"
- Paypoint ID filtered to include "HP3"
- Position filtered for "Medical Laboratory Scientist"
- Job start date filtered to from 01 July 2022 to 30 June 2023
- First language other than English identified by "Yes – Speak a language at home other than English" indicator to Culturally and Linguistically Diverse (CALD_2) Q3(b) question in the Queensland Health Diversity survey.
- Queensland Health's response rate is currently 6.71 people out of 10 having completed the Diversity Survey

Pos	Q2 - Do you come from a non-English speaking background?	Q3(b) - Do you speak a language other than English at home?
