

# RTI 6029/24 – Register of Pharmacy Businesses in Queensland as of 10 April 2024

## Contextual Information

Pharmacy businesses in Queensland are not licensed, approved, registered or otherwise endorsed by Queensland Health (Department) under the Pharmacy Business Ownership Act 2001 (PBO Act).

The Department requires documentary evidence that any proposed ownership complies with the requirements of the legislation by completion and return of a Pharmacy Ownership Notification.

### Scope

Most community pharmacies are regulated under the PBO Act, while pharmacy businesses in hospitals that only provide services to patients of the hospital are generally excluded.

### Data Source

The attached information has been extracted from the Department's Pharmacy Business Ownership Administration System (PBOAS) database based on notification records submitted under the PBO Act.

The data is current as of 10 April 2024 and was extracted on 1 May 2024.
