

Do you work with children and young people with life limiting conditions?

Project ECHO can support you in your work through **case-based learning** and topic discussions. Bring your de-identified cases for advice and support. Join our interprofessional **community of practice** meetings online.

8 out of 10 children present with pain at end of life.

Paediatric Palliative Care ECHO Network

The death of a child is a profound loss for the entire family. How can we best support children and families with best practice end of life care, pain & symptom management and compassionate communication.

Mondays 3-4pm Queensland (AEST) time
17th February – 16th November 2020
(every 3rd Monday of the month)
