

## RTI #3125 – Queensland Health Payroll Report – WorkCover and QSuper Income Protection

### Purpose of report

Payroll Portfolio is responsible for business as usual payroll services and the delivery of improvements to workforce management and payroll systems for the largest and most complex payroll solution in the sector.

Payroll Portfolio maintains spreadsheets to record the details of Queensland Health employees who are on WorkCover, QSuper or Health Managed programs, in order to manage the payments for these employees.

Payroll Portfolio updates the spreadsheets in accordance with paperwork and advice received from WorkCover and QSuper representatives or Queensland Health Occupational Health and Safety Officers.

An employee could have multiple lines on these spreadsheets as they may have multiple employment engagements or multiple claims with WorkCover or QSuper at any one time.

### Interpretation notes

- Metro North Hospital and Health Service
- Metro South Hospital and Health Service
