Statement from the Board of the Regional Community Association Moreton Bay

The Board of the Regional Community Association Moreton Bay (RCAMB) who are all voluntary, provide the following statement in the public interest.

The Board of the RCAMB regrets to advise that it has been forced to make an application to wind up the organisation and appoint a liquidator to ensure all debts are collected and all creditors are paid accordingly, along with the staff of the RCAMB. Unfortunately the application cannot be heard until after Easter which meant that the staff had to be stood down so the organization did not incur any further liabilities.

The primary basis of this action is due to non-payment of substantial debts owed by various entities to RCAMB, including other community organisations as well as state and federal government agencies. The organization is owed approximately \$295,000 with another \$200,000 payable in April. RCAMB only requires approximately \$68,000 to meet all current creditors and therefore would be in a very healthy cash position if the Government would release funds that are owed.

\$216,000 of the \$295,000 is owed to RCAMB by Department of Health (Mental Health) for services delivered by RCAMB from July to December last year with another \$108,000 becoming due next week for the March quarter 2013. This represents \$324,000 that RCAMB has outlaid delivering these programs without any reimbursement from Department of Health. Despite repeated efforts by the Board to have some of this money released so we could pay the staff their wages of \$22,000 on Thursday, no funds have been forthcoming.

As the Board of a charity, which operates in a responsible manner with regard to finances and governance, the RCAMB does not maintain excessive cash reserves and is reliant on debts owed to it to be paid in a responsible and

timely fashion. This has not been the case, despite the RCAMB providing all services and outcomes required of it and its staff.

The RCAMB Board has been advised that certain funds are now being retained pending an Independent Audit of the organisation because of "anonymous complaints" from unknown individuals. Any such complaints are entirely baseless, given the Board has adopted responsible governance practices, ensured the delivery of agreed and target outcomes for our clients and has presented fully audited financials at all required times and as recently as at the RCAMB AGM late December 2012. No valid issues exist on any of these matters and "anonymous complaints" to the contrary are a complete nonsense. The Board welcomes the Independent Audit and has stated it will work with the Auditor and provide any assistance required.

Over the last 12 months the RCAMB Board and organisation has endured false, misleading and malicious attacks from individuals who were previously associated with the organisation. These attacks have come in the form of direct threats made to Board members and staff, malicious and false claims in certain media as well as grossly aggressive commentary via anonymous social media and Twitter accounts. Also the organization has been caught up in a Political witch-hunt because of its association with the Local Member of Parliament. The direct result of this is now the closure of a great local community organisation.

This is a tragedy on the basis that our performance delivery and our financial position is extremely strong. Our sole issue is cash flow, based on non-payment of accounts of debtors to the RCAMB.

One of the travesties of Justice in this whole matter is that the Minister of Communities has directed, that an organization that owes \$46,000 to RCAMB be appointed to take over the services and staff of RCAMB. RCAMB has delivered services on behalf of Pine Rivers Neighborhood Centre and they have not paid RCAMB for these services even though we believe they have received payment from Government. RCAMB can only presume that Pine Rivers Neighborhood Centre is in financial difficulty because of non-payment of the funds to RCAMB.

The RCAMB Board sincerely thanks the fine staff of the organisation for their efforts over the long term to assist our highly valued clients. The Board will work with the liquidators in the best way we can to ensure debtors are brought to account and creditors and staff are able to access their entitlements. We will also liaise with relevant agencies to ensure our clients suffer as little disruption to services as possible.

The RCAMB ask that people respect the difficult and challenging circumstances being worked through by all concerned.

Regional Community Association Moreton Bay.

Hi Clare,

Trying to find out whether the Health Minister's office has been informed by the CMC that it is investigating Scott Driscoll and whether it has any impact on the independent audit commissioned by Queensland Health into the Regional Community Association Moreton Bay.

Also, I know it's early days but has the CMC requested any information from Queensland Health re RCAMB, or if it does will the government be co-operative in providing any relevant documentation?

It's for a follow-up in tomorrow's paper.

Thanks,

Dan - Update from Friday's hearing

DoH attendees were Anne Garrahy and Shirelle Wolfe from HRS

The Commissioner was very appreciative of their attendance. FaCHSIA did not send a representative and DCCSDS was not requested to attend as they had not withheld any funds.

The Commissioner urged DoH several times to pay what was owed to the staff

The Commissioner advised that if the matter proceeds to hearing - it was likely the finding would not be favourable for DoH. The lawyer for the service asked if the board resigned and there was new one would we pay. My name was offered for them to speak to.

Possibility of being invited back Friday to report on progress towards payment

At this stage it seems the staff component is for a week for approximately 6 part time or casual staff....though we still need some clarity re this. I will update PWC who have had a scheduled meeting with the board cancelled last Friday so they are well behind schedule in terms of their work given access issues.

Hi

On Friday QH issued a statement in response to Courier-Mail questions about an "audit" of the Regional Community Association Moreton Bay.

QH said:

"A financial audit of Regional Community Association of Moreton Bay Inc. (RCAMB) is underway.

This audit was jointly commissioned by the Department of Health and Department of Communities, Child Safety and Disability Services.

An independent financial firm, currently being appointed, will have full access to relevant accounts, records, documents and papers under the draft terms of reference for the audit.

To date, RCAMB has cooperated with all requests from Queensland Health and we are unable to comment on specific members of RCAMB."

Geoff Jamieson, treasurer of RCAMB, told me today that he was unaware of any such audit and that no-one had visited the premises, spoken to him, requested documents, inspected computers or done anything else normally associated with forensic audits of the type described by QH.

I understand the Health Minister Lawrence Springborg today told reporters there was an audit under way.

Please can you answer the following as a matter of urgency to correct the public record:

1. Has a firm been appointed to carry out an audit of RCAMB? If so please provide full details of what the firm has done so far as part of this appointment.
2. What form exactly has the "cooperation" of RCAMB taken?
3. If a firm has not been appointed, what exactly was meant when the department told The Courier-Mail on Friday that an audit was "under way"?

Please can you revert by 4pm.

Kind regards

**Subject:** URGENT Response to Courier Mail re RCAMB

Everyone

The Courier Mail has asked some more questions about the audit at RCAMB. Below is our response. Any concerns?

The Department of Health has liaised with RCAMB on multiple occasions since November 2012 to seek to obtain information about a range of matters associated with the association. This has included requests for, and provision of, information about performance and financial reports as required under funding arrangements, service delivery and organisational policies and procedures. RCAMB have cooperated with the Department of Health throughout this process.

The Department of Health has specifically engaged Price Waterhouse Coopers to undertake a financial and performance audit. Work on this tender process has been underway since last week. The statement last week indicated the independent firm was 'currently being appointed'.

Further contact with the RCAMB will occur as required by the independent process."

Response as requested. We are unable to comment in relation to the final paragraph of the reporters query (Separately, does QH consider it appropriate for the RCAMB board to remain in the control of Brian Roselt as President and Geoff Jamieson as Treasurer, both of whom are close political associates of Redcliffe MP Scott Driscoll, whose business affairs, including those relating to RCAMB, are under investigation?) regarding specific members of RCAMB.

The audit is jointly commissioned by Department of Health and Department of Communities, Child Safety and Disability Services.

#### **Who is carrying out audit**

Tenders have been called for an audit under Standing Offer Arrangements, the outcome of which is currently unknown.

#### **What are the terms of reference**

The financial and performance audit will assess compliance of the funded organisation in relation to relevant obligations under the Service Agreement and legislation.

#### **When will they report**

Specific reporting dates will be determined once the successful contractor is chosen. It is anticipated that a quality audit will take at least a month.

#### **Access to documentation**

The terms and conditions of the service agreement allow for access to accounts, records, documents and papers to ensure obligations are being met.

#### **Interviews with stakeholders**

There will be interviews with key stakeholders. These will be dependent on the methodology put forward in the offers.

#### **Cooperation of RCAMB**

To date, RCAMB has cooperated with all requests from DoH.

Hi

Please can you give me an update on progress on the audit commissioned into the affairs of the Regional Community Association of Moreton Bay.

1. Who is carrying out the audit? I understand it's Deloitte – please can you confirm this.
2. What are their terms of reference?
3. When will they report?
4. What access do they have to documentation – does it include bank statements and email accounts?
5. Will they be able to conduct interviews with staff, managers or board members?
6. Is RCAMB cooperating fully with the Department and the auditor?

Separately, does QH consider it appropriate for the RCAMB board to remain in the control of Brian Roselt as President and Geoff Jamieson as Treasurer, both of whom are close political associates of Redcliffe MP Scott Driscoll, whose business affairs, including those relating to RCAMB, are under investigation?

Please can you revert on all these questions by 3pm.

Hi Dan

See attached as requested.

The Communities agreements are in 3 parts - A, B & C. Part A is standard across the department, Part B is standard for each program area, Part C describes the specifics of the funding and services for each project. As a result, there are two Part Cs for RCAMB - one for the ongoing Community Mental Health project and one for the fixed-term Disaster Recovery Initiative project. Both expire 30 June 2013.
